1.20pm – 1.40pm	Keynote
	<p>Investing in health: an angel’s journey</p> <p><i>The angel investor community is becoming increasingly sophisticated and is a serious source of capital, fueling the growth of startups and contributing to high growth sectors. The formation of an ecosystem of investors that have knowledge of the healthcare sector is a relatively recent development and creates more formal connections between entrepreneurs and angels. This session will cover recent developments in the angel investor community from the perspective of Medical Angels and provide guidance to companies on how to navigate the angel investor landscape and assess the right partners to work with.</i></p> <p>Chair: Rosanne Hyland, Chief Operating Officer, AusBiotech</p> <p>Dr. Amandeep Hansra, Lead Investor & Co-Founder, Medical Angels</p>
1.40 pm – 2.40pm	Investee presentations
	<p>Chair: Rosanne Hyland, Chief Operations Officer, AusBiotech</p> <p><i>Investees to be confirmed</i></p>
2.40pm – 3.00pm	Keynote
	<p>Deep tech investing and its role in healthcare</p> <p><i>Deep tech has seen an exponential rise in past decade, with an increasing number of investors moving into the space. Deep tech's share of venture capital investment has remarkably doubled over the past decade, now accounting for 20% of the total, up from just 10% ten years earlier (source: Boston Consulting Group, November 2023).</i></p> <p><i>With a prime focus on developing technology solutions based on substantial mathematical, scientific or engineering challenges, deep tech is an umbrella definition that includes, amongst others, agri-tech, food tech, clean tech, artificial intelligence and machine learning. It also includes some life science companies, with the term applied to businesses whose objective is to find innovative solutions using novel technologies.</i></p> <p><i>In this keynote address, Alex Romero will discuss the deep tech healthcare ecosystem, the outstanding research emanating from Australia’s laboratories, and our nation’s potential as a global deep tech hub.</i></p> <p>Chair: Rosanne Hyland, Chief Operating Officer, AusBiotech</p> <p>Alex Romero, Associate, Main Sequence</p>

3.00pm – 3.20pm	Afternoon tea
