

SPEAKER PROFILE

Hans Verheul

National Life Sciences Sector Leader

KPMG Australia

Email: hverheul@kpmg.com.au

Hans leads the Life Sciences Practice at KPMG. He is a commercially focused senior executive with 20 years' experience covering finance, commercial, general management and business development roles in the biotechnology, healthcare, pharma and medical device sectors, both in Australia and throughout South East Asia. Hans' specialties include leadership performance in finance, supply chain, sales and marketing and general management, as well as extensive understanding of the regulatory and reimbursement environment in Australia.

Hans' unique background make him well placed to provide in depth insights into the Life Science environment in Australia and strategies for entry and investment in the sector.
